

## 2022 SFMC Forward Tee Option

### Introduction:

Last year's Forward Tee Option was modified slightly and utilized effectively by all eligible members, who shared positive feedback.

The same 3-step approach will be used this year --

1. **Apply** for approval,
2. **Play** the Combo Tees (aka forward tees) for all forward-eligible SFMC events and most of your other general rounds, and
3. **Post** all acceptable rounds to GHIN from the Combo Tees using USGA Equitable Stroke Control (maximum Net Double Bogey on any hole for posting purposes only).

### 2022 SFMC Forward Tee Approach:

- Members minimum **AGE (Min. 70) + INDEX = 88 or higher** may be eligible to qualify for playing forward tees.
- Any Member with medical/health circumstances regardless of age or index may also submit a request.
- Members who wish to play forward for 2021 SFMC events must complete the attached request form and submit it to the Rules/Handicap Committee at [SFMC.news@gmail.com](mailto:SFMC.news@gmail.com) prior to beginning tournament play for the season.
- The committee will review each request and confirm approval back to the requestor and Pro Shop prior to the first SFMC event.
- Once approved, all forward-eligible SFMC events will be played from the Combo Tees only, along with most other general rounds.
- Should your status change, please let the Pro Shop know as soon as possible, so we can accommodate your needs.
- The Pro Shop, with guidance of the Handicap Committee, will determine handicaps for the Combo Tees and mark scorecards accordingly.

## 2022 SFMC COMBO TEE Request Form

Name: \_\_\_\_\_

Mobil #: \_\_\_\_\_

Email: \_\_\_\_\_ AGE: \_\_\_\_\_

Which tees do you usually play during non-SFMC general rounds?

\_\_\_\_\_

Which tees did you play for 2020 SFMC events?

\_\_\_\_\_

Do you understand that if you are approved for forward tees, you must play from them for all SFMC forward-eligible events and most other general rounds?

\_\_\_\_\_

Is there other information you would like the committee to know and consider?
